

DANGER OF FLOODS IN THE OHIO VALLEYS

START TRIAL OF 1,100 VOTERS

Pheville, Ky., Feb. 1.—The trial of 1,100 voters who are charged with bribery alleged to have been committed at the last November election was begun at a special term of the circuit court today.

More than 2,000 indictments were returned in the various counties of eastern Kentucky against persons who are alleged to have purchased or cast fraudulent votes and today's trial was a continuation of cases already disposed of.

Is Frozen To Death

Washington Court House, Ohio, Feb. 1.—Two weeks ago, Thomas E. Justice, a farmer of Lawrence county, Kentucky, left home to take his brother, Oscar Justice, to Birmingham, this county. Not coming there, his brother was found dead in a ditch. Last night a body was found on the road and it was found to be the body of the brother. The man had frozen to death. The man had frozen to death. The man had frozen to death.

DESPONDENT ENDS LIFE

Frank Lovell, a resident of the United States, died today of an apparent suicide. He was found in a ditch near his home. He was found in a ditch near his home. He was found in a ditch near his home.

FILIBUSTER CONTINUES

Washington, Feb. 1.—Secretary of the Interior, John C. Ball, today formally denied that the government had protested the bill pending in congress for the purchase of a ship by the United States.

BILL WILL BE RECALLED

Senator Noble, author of the bill, today announced that he would not insist on the bill. He said that he would not insist on the bill. He said that he would not insist on the bill.

HEAVY RAINS AND THAW CAUSE FEAR

Columbus, Feb. 1.—Continued rains and melting snows have increased the dangers of floods, according to the Ohio weather bureau to a point where the situation may be said to be critical. The possibility of freezing weather is held out as the most favorable feature of the situation, according to J. Warren Smith, director of the Ohio weather bureau, as this would check the threatened rise.

Pittsburgh, Pa., Feb. 1.—The Ohio is rising here at the rate of seven inches an hour but no flood warnings for down river points have been issued by the weather bureau.

Immense gorges of ice and snow have collected in many rivers, both up state and down state and fear is expressed that great damage will result when the break-up comes.

In discussing the weather conditions today Mr. Smith said: "The situation is what you would call critical. With the temperature above freezing and rains still falling, there is every probability of the ice coming the streams giving way and going down river in the gorges that are."

WHEAT CLOSES AT \$1.56

Chicago, Feb. 1.—Smashing of high record war prices continued today in the wheat market here. On top of an advance last week ranging from 7 1/2 to 8 1/2, quotations today jumped as much as 2 1/2 at the very outset, May delivery selling at \$1.54 a bushel as against \$1.51 1/2, when the market closed Saturday.

PAIR OF JUVENILE OVERALLS SENT TO WHITE HOUSE BABY

Washington, Feb. 1.—Baby Sayre, the President's grandson, received a new present by parcel post today—a pair of juvenile overalls, blue jeans.

"Who sent 'em?" asked the reporters. "Don't know," was the official answer; "but lay it on Bill McDonald. He has been around Washington several days and it looks like Bill's work."

Sure enough, it was. Bill, who happened to stroll into the executive offices during the day, was asked point blank if he was the man. "Yes, that's true," he said. "Then breeches is all right for the kid. They may be a little big right now, but the boy will grow up to them."

Bill used to be President Wilson's bodyguard back in the days before the election. He is a typical Texan, who constituted himself a guard for Governor Wilson after the Governor was nominated for President and until the Secret Service relieved him March 3, 1913. Then, as soon as the President could find a United States Marshalship vacant in Texas, he appointed Bill to the job.

Mrs. McDonald made the breeches with her own hands. The President today wrote a letter of thanks to Mike Donovan, New York athlete, who sent the baby a pair of miniature boxing gloves. He told Mike that he hoped that his grandson would be able to use the gloves "when he is old enough to strike out for himself." Mike is going to frame the letter.

MRS. CARMAN MUST STAND TRIAL AGAIN

Freeport, N. Y., Jan. 1.—After a conference last night with William Bailey, whose office was shut and killed in the office of Dr. Edwin Carman in the village on June 30 last, District Attorney Lewis J. Smith, of Nassau county, announced that Mrs. Florence Conklin Carman is to be placed on trial again, accused of the murder.

The first trial last October, resulted in a disagreement, and since Mrs. Carman has been at liberty on a bond of \$25,000. District Attorney Smith, in his announcement, stated that he would try to have the second trial started at the regular term of court in Minerva in May, or early in June.

GONNA BUY A TIN SUIT?

Chicago, Feb. 1.—Your new all-wool suit is quite likely to be of pure vegetable origin or may even be constructed of tin or of almost any material but wool, according to a warning issued by the directors of the National Merchant Tailors' Association here preparing for their annual convention. The association is getting ready a pure wool bill to be submitted to Congress.

According to the tailors the bargain suit may be of tin shavings, wood pulp and wool fiber, twisted to resemble silk threads, spun glass, wool cardings, sweepings forced into an open cotton mesh by pneumatic pressure, jute, cotton or hemp.

STATE CAN'T STOP BOUT

Columbus, Feb. 1.—General John C. Speaks made his official report to Governor Willis today that the state is without authority to interfere with the Jim Flynn-Gumbat Smith boxing bout in Cincinnati tonight.

Cincinnati, Feb. 1.—After considering the subject further the committee of ministers announced that they had abandoned the idea of applying for an injunction to prevent the contest.

WOULD REPORT SALES OF ALL FIREARMS

Columbus, O., Feb. 1.—A bill providing that every dealer in fire arms must report any sale of a revolver to police authorities is being prepared for introduction at this session. It will amend the law enacted two years ago providing a penitentiary sentence for persons who carry concealed weapons.

AUTO RACE

Chicago, Feb. 1.—Sanction for a 500 mile automobile race on the Chicago Speedway June 19 has been granted by the American Automobile association it was announced today. The new racing course is being constructed in Maywood, a suburb. Purses exceeding \$50,000 will be offered.

CHICAGO WOMEN MUST TELL AGE IF THEY WISH TO VOTE

Chicago, Feb. 1.—Women voters ruled that are required of the men. Campaign managers said that the when they register tomorrow, according to a ruling today by County Judge Thomas F. Scully. They must answer the same questions, he names on the books.

GERMANY AGAIN CARRIES WAR TO ENGLAND'S DOOR

THREE KILLED, THIRTEEN INJURED IN GEORGETOWN TRACTION LINE WRECK

Cincinnati, Feb. 1.—Three persons were killed and thirteen others more or less injured in a collision between an electric passenger car and a steam freight train on the Cincinnati, Georgetown and Portsmouth traction line near Amelia, Ohio, today.

The dead are: Frank Henderson, of Bethel, Ohio; Frank Smith, Amelia; —Hoover.

Among the injured were: Jas. Hulick, Batavia, arm broken; Thomas Filleten, conductor, arm broken; William Meyers; —Hendricks; Will Hartwell, Bethel, arm broken; —Cole, Bethel, multiple bruises and cuts; Lee Welgie, Moore's Corner, Ohio, cuts and bruises; —Davis, Mt. Washington, Ohio, cuts and bruises; —Armstrong, Mt. Washington, cuts and bruises; A. T. Valand, Miamisville, Ohio, cuts and bruises.

The injured were laid on boards alongside of the track, while a member of the freight crew ran to the nearest telephone to notify the Cincinnati offices of the traction line. A special car, carrying surgeons, left Carroll street, Cincinnati, a few minutes after the word was received, and a record run was made to the scene of the wreck. The dead were taken to Amelia where they were placed in charge of an undertaker.

The accident occurred during a dense fog and on a straight track. The traction car was running east while the freight, which is also owned by the C. G. and P., was coming west. Both the traction and freight were going at high speed and they came together with a resounding crash, the former being completely wrecked and scattered into a nearby field.

Hulick is the father-in-law of former Lieutenant Governor Hugh L. Nichols, of Ohio.

NIX ON BOOZE VIA AIRSHIPS

Richmond, Va., Feb. 1.—Senator Saxon W. Holt, of Newport News, has introduced in the Virginia legislature a bill empowering the people of the state to shoot down any aeroplane detected in the act of importing liquor from Ohio into Virginia after this state goes dry in 1918.

The preamble to the measure expressed sympathy for both West Virginia and Ohio, where the great industry appears to be very much up in the air at present. Senator Holt's action was inspired by recent reports saying that certain liquor dealers in Ohio were planning to bring liquor into West Virginia by the airship route. The bill was referred to committee.

FRENCH TORPEDO BOAT IS SUNK

Berlin, Feb. 1.—The wireless to Sayville—Reports to the Overseas News Agency from Paris say that the French torpedo boat 210 has been sunk off Newport, Belgium.

It is reported also through the same source that German aeroplanes have succeeded in throwing some bombs on the French town of Bailluel.

KAISER KNOWS HOW TO LIVE FRUGALY

Berlin, Feb. 1.—Kaiser and Kaiserin are cutting down the expenses of the imperial household and teaching the German people a lesson in frugality. The standard of meals at court appears to be no higher than that of many private families in the West End of Berlin.

The Kaiser's chef has had no opportunity of displaying his inventive genius for new dishes since the outbreak of the war. The Kaiserin has placed a ban on table delicacies.

The use of white bread for the imperial breakfast table was stopped. No fresh hayes are baked overnight at the palace, but every morning the court baker delivers a quantity of war bread sufficient for the next day's meals.

The Kaiser's breakfast, when he eats it in Berlin, is simple, consisting of an egg, tea or coffee and war bread. Soup is served at 1 o'clock, and this is followed by a plate of meat or vegetables, but nothing else.

The evening's meal is less frugal. Potatoes are served in their skins, which are also eaten, and the Kaiser permits both meat and vegetables to be taken at this meal. The Kaiser's choice is generally a slice of cold meat.

Both at the front and in Berlin the Kaiser lives with Spartan simplicity. His choice is restricted to thick soup, containing chopped meat.

GREECE PREPARED TO AID SERBIANS

Paris, Feb. 1.—A dispatch to the Balkan Agency from Athens says: "Greece with all her forces will come to the aid of Serbia in every fresh invasion of Serbia by the Austro-German armies. The greatest activity prevails now in military quarters."

GERMANS ELATED WITH FEATS OF SUBMARINE

London, Feb. 1.—A message received here this afternoon from Southampton, says that a German submarine, supposedly the U-21, was seen off there early this morning.

Southport is a seaside resort of England in the Irish Sea 18 miles north of Liverpool.

Berlin, (Via wireless to Sayville), Feb. 1.—The demonstration that German submarines can operate on the west coast of England is treated in Berlin as an achievement of the utmost importance, it being the opinion of German naval men that it is likely to make the British policy of starving out Germany recoil on Great Britain.

TURKS SHELL RUSSIAN PORT

Berlin, (By wireless to Sayville), Feb. 1.—Official dispatches received in Berlin today from Constantinople announce that the Turkish fleet on Jan. 29 successfully shelled a Russian military place on the west coast of the Black sea.

DENY SINKING OF KOLBORG

Washington, Feb. 1.—The German embassy here today announced receipt of an official report from the German admiralty declaring false a report concerning the sinking of the cruiser Kolborg in the recent North Sea fight and reiterating claims of British losses.

NEW RULING ON WHITE SLAVE LAW

Washington, Feb. 1.—The federal white slave law was interpreted today by the supreme court as authorizing the indictment of a woman transported in violation of the law as a co-conspirator with the person, who caused her to be transported. Justice Holmes announcing the court's opinion, intimated that a woman could be indicted also if she engaged in a conspiracy to have herself transported with a view to blackmail.

BLOCKADING OF PORTS IS UNDERTAKEN

London, Feb. 1.—Once again British interest in the military activities on the continent has been overshadowed momentarily by the fact that Germany has brought the combat to Great Britain's front door. What is regarded here as the new German policy of a submarine blockade of British ports proved temporarily effectual at least in the case of Belfast, where snailings have been suspended. The Liverpool authorities, however, announced that no interruption in the trade of that port is contemplated.

The two British merchant steamers torpedoed by the Germans off Havre are the largest commercial vessels that have as yet fallen victims to German submarines; the three ships sunk in the Irish sea were all small coasters.

The belief expressed yesterday that raiders could not remain for more than a few hours in waters

KAISER SEES HIS DOCTOR

London, Feb. 1.—The German Emperor's return to Berlin from the front was due to the state of his health, according to a report from the German capital received by the Exchange Telegraph Company by way of Amsterdam. The Emperor, the dispatch adds, will consult his medical adviser concerning his throat, which has given him much trouble. Those who have heard the Emperor speak lately say that his voice is scarcely audible.

STOCK YARDS RE-OPEN

Pittsburgh, Pa., Feb. 1.—The Hertz Island stock yards here, closed last week because of the foot and mouth disease, were today re-opened for the receipt and shipment of live stock for immediate slaughter.

Get out your umbrellas and watch for this:

Ohio—Rain tonight. Colder in southwest portion. Tuesday rain or snow and colder.

Kentucky—Rain or snow to night; Tuesday rain or snow, cold.

West Virginia—Rain tonight and probably Tuesday. Colder Tuesday.

# S. H. HUFF'S ELECTION HAS BEEN CONFIRMED

The Roanoke World-News in confirming the election of S. H. Huff as general chairman of the R. of L. E. committee of the N. & W. says:

"Leading men in the conference now being held by general committees of the Brotherhood of Locomotive Engineers and the Brotherhood of Locomotive Firemen at the Ponce de Leon hotel continued their attitude of reticence today and neither leaders of the engineers nor firemen would admit that there is anything new developed."

"It was confirmed last night that the engineers have completed election of officers and the following names were announced: General chairman, S. H. Huff, of Bluefield; vice-general chairman, M. J. Fowler, Roanoke; secretary, J. E. Henley, of Norfolk; chairman of advisory board, A. M. Cousins, of Norfolk; retiring general chairman."

"Members of the engineers' committee are emphatic in their statement that the election of Mr. Cousins, who for many years has headed the engineers of the Norfolk & Western system carried with it no reflection upon the ability of integrity of a man the engineers have seen fit to honor so long."

**Policy Dominates.**  
"Mr. Cousins, it is pointed out by men prominent in councils of the engineers, has piloted the organization through widely varied conditions in the swift development of steam railroading and the cohesion existing in the ranks and the general satisfactory position of the order is sufficient proof that his work has been efficient and conscientious. 'Mr. Cousins remains with us, as you see,' said a committeeman 'in an advisory capacity, where he can and will be of great service to the craft.'"

"It is stoutly maintained that matters of policy alone are involved in the shifting of the chairmanship, a line along which it is healthy there should be differences of opinion some time, and which can be settled only on the democratic principle of majority rule."

"S. H. Huff, who succeeds to the chairmanship, is a comparatively young man of vibrant personality and pleasing address. He has been with the road since the middle thirties, first as shopman, then as office man and finally in road service. He worked up from the fire box door, as every man who handles throats must, and he enjoys the full confidence of his fellow craftsmen."

**Firemen Not Through**  
W. M. Roberts, chairman of the firemen, reiterated his statement today that his committee has nothing to give out until their sessions are ended. Mr. Roberts' reelection as chairman has not been officially confirmed, but there has been no direct denial and the report that C. E. Weston, Jr., has been re-elected secretary, also stands without official denial."

Both these men have held office in the committee for a long time. It is understood that the two committees may hold a joint session during this afternoon and that a statement of results will be made when the sessions are concluded."

## Political Gossip

James W. Faulkner in his Sunday review of politics in The Enquirer says, among other things:

"Having successfully established a glorious legislative record of accomplishment, as the able, active and intelligent representative from Jackson county in the lower department of the General Assembly, Honorable and Darter W. S. Hoy, of Wellston, is at last finding a listening ear to the insistent demand from the people of the Tenth Congressional District, that he shall go to Washington and continue his work for humanity. There are a few slight matters to be attended to here before acceptance can be noted. First of all, he must finish the task of regulating the medical profession, which he asserts, is in the need of it. Then he must turn his mind to performing a surgical operation on the merit system, the design being to bring in more merit, decency and final result in Porter's Field."

"For the present the people of the district must put up with Dr. Robert Switzer, of Gallatin, one of the foremost wet communities on the Ohio river, who is serving his third term and who, as though he thinks another couldn't hurt him a particle. The danger that the good doctor is in is the possibility that the young gerrymander may hand the county in a Democratic district, and his enemies may cause the nomination onto him spite. Doubtless, he will be quick to arm himself against this danger. It will be easy for one to reform the medical profession against its will and can be the dragon of Civil Service to keep up a mere, measly remainder bill."

"Some of the folks who went up to Portsmouth last week to sit the Republican feed at New London, the coming metropolis of the county, are wondering at the blameworthy match between Hon. Ralph D. Cole, of day, and his old associate in dress, Harry Bannan, really a Bannan in his address."

## RUB RHEUMATIC, ACHING JOINTS AND STOP PAIN

Rheumatism is "pain" only. Not one case in fifty requires internal treatment. Stop drug-ging! Rub soothing, penetrating "St. Jacobs Oil" right into your sore, stiff, aching joints, and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism liniment which never disappoints and can not burn the skin. Limber up! Quit complaining! Get a small trial bottle of old, honest "St. Jacobs Oil" at any drug store, and in just a moment you'll be free from rheumatic pain, soreness, and stiffness. Don't suffer! Relief await you. "St. Jacobs Oil" is just as good for sciatica, neuralgia, lumbago, backache, sprains.

Parkersburg, W. Va., Feb. 1.—That a man can go from West Virginia to Ohio, or any other state, and purchase liquor for a friend and deliver it to him, so long as he does not do so for a profit, was held by Judge P. H. McGregg in the Criminal Court today, in the case of Marvin Wolfe, charged with bootlegging. This is said to be a hard blow at the effectiveness of the state prohibition statute. Deputy State Tax Commissioner Bathbone announced that the state would appeal the case.

## THE DEAD COME BACK DECLARES PASTOR IN FINE REVIVAL SERMON

"The living dead get speaketh,"

Heb. 11:1.  
"You have drawn on the bank of time 720 hours of the 8,760 that God has placed to your credit for 1915. Every one of these 720 hours has a story to tell how they were disposed of and when they are telling that story and will tell unto ages. You cannot silence a life either living or what men call dead."

"Men always know what you are when they see where you are. A hog will choose the mire and evil, but that does not detract anything from the sweet grass, and clean water of the valley. When you prefer things of the world to church, Bible and God, that does not detract anything from those, but it your life speaking to the world and demonstrating the caliber you are made of and as you live so will your life forever speak. So will you come back. Will Harley Beard ever die? Will we ever forget that message from the death chamber? Can you not hear it as he calls out from the death chair, 'Keep away from the road of cigarettes and whiskey, for that is the road over which I came.'"

"Yes, we will even hear that voice."  
"Men do come back. Jay Gould and 'Jim' Fish died several years ago, but as long as there will be a child to read American history, Jay Gould and 'Jim' Fish will never die. The grave may hide their bodies, but no grave will ever be able to hide their 'Black Friday.'"

"What will men hear when you go to Green Lawn and leave your life here to speak?"

# Keep window spaces warm!

As a rule you'll find 20% of the exterior of a house consists of windows, and the heat leakage through the glass constitutes 40% of the total heat loss in or from the average home. Our ideal heating provides the only means of offsetting the heavy onslaughts of cold at the windows by placing the radiators directly under or alongside the glass, thereby keeping the window spaces at the same uniform temperature as every other part of the house.

"The heat that brings contentment"

## AMERICAN & IDEAL RADIATORS & BOILERS

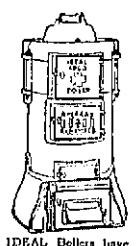

No matter how fiercely winter rages at windows and doors, the faster will be the natural flow of warmth to the AMERICAN Radiators to offset the cold. That's the beauty of our way of heating—it is founded on natural laws. AMERICAN Radiators immediately meet the cold—unlike hot air registers which have to be placed in a protected corner of a room to coax the heat up, especially on windy days. A coal-economizing outfit of IDEAL SMOKELESS Boilers and AMERICAN Radiators will transform a moderate size bin of coal into extra months of abundant, sanitary warmth—and no fuel waste.

And what an astonishing amount of drudgery is lifted from mother, wife and maid in the doing away with lugging and heaving of scuttles and ash-pans, the blacking, taking down and storing of stoves, the heavy after-sweeping and cleaning, and the consequent wear on the furnishings and decorations of the home.

Whether your building is old or new—store, school, church, farm or city house—put in at once an outfit of IDEAL SMOKELESS Boilers and AMERICAN Radiators and enjoy solid, clean warmth to the end of your days. These outfits do not wear out; purchasers always get full money back, sell property quicker, or secure 10% to 15% greater rental. They are an investment, not an expense. They reduce the cost of living and better the living!

These outfits can be put in without tearing up, or disturbance to occupants or present heating devices until ready to put fire in the new IDEAL Boiler. Keep the windows and all other spaces warm as toast—put in the outfit now and enjoy at once the contrasting comfort, convenience and cleanliness. Prices now rule the lowest of a decade and you get the services of the most skillful fitters. Ask today for free book: "Ideal Heating."

IDEAL Boilers have never had a gas leak in which the air and coal gases thoroughly mix as in a modern gas or oil burner, thus creating every bit of the best from the fuel. Kewer to run than a stove.

## Converts Pass 100 Mark In Revival

The snow Saturday and rain yesterday morning making it difficult to sing "Life's Railway," a most agreeable number, did not prevent the members and congregation from turning out in a good number to the six o'clock prayer services Sunday morning.

The meeting was opened by the pastor, the Rev. John Irvin with song services, after which he delivered a prayer. This was followed by songs and prayers by other members of the congregation. During the meeting five persons came to the anxious seat, three of whom confessed Christ. One was converted at night, making one hundred and two converts since the meetings began.

Due to the disagreeable weather only sixty-seven members of the Sunday school were present, this being the smallest attendance for many Sundays, but the school was very interesting. After the study of the lesson, Mrs. L. E. White mustably reviewed the Sunday school lesson. At the eleven o'clock services a good sized audience greeted the pastor. Before the services the choir rendered some beautiful music. The pastor, Rev. Irvin, changed the plan of the meeting, and the services were turned into a testimonial meeting. Many persons in the congregation testified for Christ, even the young converts. The spirit was felt among the members and the congregation, so that there was hardly a dry eye. This was one of the most glorious meetings that has been held in the auditorium of the church for years. At the close of the services the congregation joined in a good old fashioned land shaker.

The Christian Endeavor had a large attendance to their meeting under the leadership of Mrs. Madeline Anderson, president. The meeting was conducted by Mr. Holly Conley, a young convert. A splendid program was carried out. Good singing was rendered by a choir of young men.

## HOW IT MIGHT WORK.

## PENSIONS FOR GOVERNMENT EMPLOYEES.

We notice by a report that a committee of civil service government employees called upon the city council and secured the endorsement of that body for the proposition, now before congress, to pension all persons in the civil service departments of the national government. This brings us back to the subject of a recent editorial in which we opposed the idea of pensioning school teachers, suggesting instead that they be paid sufficient wages so that they could make their own arrangements for the time when they would be incapacitated for work. In the same editorial we stated that we favored pensions for soldiers who fought the battles of their country, for their dependents, and for no one else, aside from the mothers' pensions laws in vogue in some states. And on that proposition we stand firmly today. We believe that the great majority of Portsmouth people feel the same way, at least we have had more approval for the stand we took than in any other matter for a long time.

There is a grave danger ahead for the people of this country in the ever growing idea of paternalism. It is getting so that the government is asked to take a hand in almost everything that concerns its citizens and today, if one-tenth of the paternalistic fads were adopted, we would be the most governed people on the face of the globe, and government would mix more in the every day affairs of the people than in autocratic Russia.

Now why should the people not in the government service be asked or required to tax themselves and generations to come to pay and keep in comfort persons fortunate enough to have secured a good paying public position? These positions in the civil service carry good salaries. They are eagerly sought and, once obtained, are clung to with the greatest tenacity. The man holding the position draws his pay for every day in the year. Rain or shine, he knows he has a job and will get his money. He does not worry about a poor paymaster nor does the spectre of hard times and slack work dim his horizon. Right now where thousands are out of work, the government employees grow serenely on, no care upon his brow, drawing a salary in most cases as much or more than he would be obtaining in other walks of life. Why then a pension? Why not do like others and out of his assured and steady income lay up a little fund so that when the day comes for him to retire, he can do so and have enough to take care of himself the rest of his days. Why should he be preferred to the rest of his fellow citizens, when his conditions is more certain than theirs?

We admit that the pension idea is a most attractive one. All of us would like to have the government pension us in our old age, if we are in need. But until the government is ready to treat all of its citizens alike, we are opposed to special pension legislation like the one proposed in the Hamill bill. We are not in favor of such radical extension of paternalism. It is not fair and it is not just. And we are inclined to think that the city council did not give the matter the earnest consideration it deserved, when a delegation came asking for approval of the pension scheme, and received it off hand and without discussion.

## AS TO CHURCH SOCIALS.

While there are some good things in the paper read before the Ironton Ministerial Association by the Rev. Charles E. Griffin, pastor of a Baptist church at Ironton, in regard to church socials, sales and the like, there is one point about them that the Ironton pastor has entirely overlooked, and that is the social feature of these affairs. No person will stand for gambling affairs in connection with the church and in these days all things that even squint in that direction, no matter how well intentioned the promoters may be, are frowned upon by the sentiment in the churches themselves. But when it comes to putting the ban of church suppers, or sales of various kinds by church women or men, we frankly dissent from the view that they are harmful to the aims and dignity of religion.

As to the monetary side, it is freely conceded that they are for the purpose of helping raise revenue for the support of the church and its beneficiaries. But back of all that is the underlying idea of bringing the members of the church into closer relationship, of bringing them together in a social way, of having a delightful evening, cementing old friendships and making new ones. We never heard of any one who did not come away from such a gathering with more enthusiasm for his church, with a cleaner, prouder inspiration to work for and live for the better things of life, and with

also never heard of a man or woman who complained that they did not get value received at a church supper, a church sale or a church bazaar where fancy work of some good woman or the cooking of some good women were on sale.

In many communities the church social is about the only thing that brings the people together for diversion and discussion and the announcement of one is received with enthusiasm by all, regardless of what denomination is back of the social or what the belief of the particular individual may be. And where harm can be found in the purchase of a handkerchief at an increased price to help out the pretty president of the foreign missionary society in her ambition to help clothe a little savage over in Timbuctoo, passes our lay comprehension.

The point we seek to make is that everything the church can do to bring men and women together in wholesome companionship under the most elevating circumstances, should be encouraged by the church and the leaders of the church, rather than discouraged. We have no use for that kind of religion that stops with Sunday sermons and long faces and solemn devotions.

## STATISTICS OF WAR'S LOSSES.

Early in the war Lord Kitchener had said that the struggle might last three years. What seemed a mere rough estimate became far more significant examined by the few statistics yet available, which show the wastage of war.

Thus it seems fair to estimate that Germany has now in the first three years of the war lost 2,000,000 men. Austria, 1,000,000. Russia, 1,000,000. England and the United States will have 1,000,000 on the fighting line. Serbia and Belgium may be reckoned to have 200,000.

Now, as far as Russia is concerned her supply of men is for any ordinary emergency an inexhaustible. That we can keep her European allies at bay for five years, despite battle losses is hardly possible. As to England, it is equally difficult to maintain an army of 1,000,000 men on the continent indefinitely and despite losses is equally difficult to maintain. It is different with France. Her available military strength may be reckoned at 1,000,000. Of this she has already lost 1,000,000 by death, capture, disease or wounds. Half of this army may be reckoned as permanently lost. At this rate, France will be reduced at the opening of the third year of war to 500,000. With her allies she will then have 600,000 men. But her losses in this year cannot be made good, even by the new class coming to the colors in 1917 and 1918 from her colonies.

Now Germany may be reckoned to have had 4,000,000 men available for service in July, 1914; 600,000 more will be supplied by the conscription classes of 1915 and 1917. German losses in the first three years of the war have been estimated at 1,000,000. At this rate, Germany will be reduced at the opening of the third year of war to 3,000,000 men. Thus, at the opening of the third year of war, Germany will still have 3,000,000 men to draw on. But her losses in the first three years of the war will have been 1,000,000 already in her army divisions. She will still have 2,000,000 men in the field, but a good portion of these will be old men and no more than her resources, two million men, can stand.

Thus, as the third year of the war opens not more than 4,000,000 Austro-Germans, the last line, will confront 6,000,000 Russians, British, and French, helped by some hundreds of thousands of Slavs and Belgians, behind whom will stand Russian and British reserves of at least 2,000,000. This means, with every discount for the roughness of the estimate, that sometime in the third year, while Russia and Britain are still able to keep their armies at their present point, Austro-German forces will begin to decline rapidly and a tremendous advantage of numbers will belong to the enemies of Germany. Such is the statement of what may be called the mathematics of murder.—From "Half A Year of World War," by Frank H. Shonks, in the American Review of Reviews for February.

The President has a great knack for using the English language in its most expressive manner to convey an idea. Take his immigration bill veto. What a world of meaning there is in the line, "those who come seeking opportunity are not to be admitted unless they have already had one of the chief of the opportunities which they seek, the opportunity of an education."

We have had six months of the European war and our war critic Major Korth has not yet been able to find a single instance in which the Allies have gained a substantial advantage. No wonder, harking the Kaiser is not the holiday excursion that some Englishmen anticipated, for the major's spirit is that of all his people.

Judging from what has happened in the past in similar cases we suspect that the Hon. Tommy Patterson only "ran for mayor" after night in order to have the leaders of the gang call upon him and make him see what a great mistake he was making in not deferring his ambition until the county treasurer'ship became vacant.

There cannot be much fun in it. They just sit there and scowl. When someone trumps her partner's ace there is an awful howl. They sit and nag and scold and scarp o'er every card that's played. And criticize each other's clothes; also the way they're made.

They sit and play four hours or more; no love shows in their eyes. They're fighting for a 10-cent dish for that's the first big prize. Each one slams down her card quite hard enough to break her wrist. There's no love lost, I'll tell you that, when women folks play whist.

## PORTIA PORCUPINE

The children of the neighborhood of which I'm going to tell. Were well trained children, and they all behaved exceedingly well.

Excepting Portia Porcupine, who was most impolite; In spite of all her folks could do, her manners were a fright.

She'd point at things (which, as you know, is not the thing to do); She "talked back" to her elders, and she made faces, too.

Then at the table—Oh, dear me! You should have seen her eat; She always used her fingers for her pie and for her meat.

One day she had a lesson. A gray wolf chanced to see Miss Portia eat her meal and said: "Ha, there's the pig for me.

"I'll take her off and eat her up; a young pig will taste fine." But Portia screamed: "I'm not a pig; I'm Portia Porcupine."

"I can't believe you," said the wolf, "for why under the sun If you're not an ill-mannered pig should you behave like one?"

"But if you are a Porcupine, you'd better mend your ways. Or someone else will eat you for a pig one of these days."

I know that all the girls and boys who read of Portia's fright Will mend their manners if they're bad and try to be polite.

## NEW YORK STOCKS

New York, Feb. 1.—Stocks rallied 1 to 2 points today but lost from last Saturday's close. Advances in finished steel products and copper were helpful factors.

United States Steel and Sears-Roebuck were features of interest during the early session. Steel, on initial sales of 7,500 shares, sold off from 40 to 38 1/2 and 38, its new minimum, while Sears-Roebuck in recognition of its 50 per cent stock dividend, moved forward to 209 1/2, a gain of almost 14 points. Steel later recovered from its minimum on fairly large dealings to 38 3/4. Other active issues showed some irregularity. ## CHICAGO GRAIN

Chicago, Feb. 1.—Buyers came after wheat today with a rush and quickly brought about new high record war prices. Foreigners were eager for both cash and futures deliveries and it seemed as if nearly every commission house in the trade was attempting to fill orders to purchase. Liverpool dispatches and wheat was advancing there with a strong demand. In sharp contrast with this news, domestic advices appeared conclusive that growers in the United States were selling virtually nothing from reserve holdings. The market after opening 1 1/2 to 2 1/2 higher, scored a material further gain.

Corn was drawn upward with wheat, as being relatively cheap—hardly more than half cost, pushed for basket. Rough weather had also a bullish effect. The opening, which varied from 1 1/2 to 2 1/2 higher, was followed by a general further advance. Export call furnished impetus to the oats trade. There was an unusually large volume of transactions, with prices steadily tending to harden.

Provisions reflected the influence of the grain bulge. Weakness in the hog market was lost sight of.

Notices that Italy and Sweden had suspended the import duties on all grain resulted in big additional increases of prices here. The market was also affected by a notable cutting down of the United States visible supply total. Nervousness prevailed at the close which was 2 1/2 to 4 1/2 above Saturday night.

Subsequently enlargement of stocks at the principal terminals led to a reaction in corn. The close was unsettled 3/4 above Saturday night.

## 14-YEAR OLD GIRL IS HELD; YOUTH ARRESTED

## Serious Charges Against Bachelor

Nellie Egerton, fourteen-year-old girl of New Boston, was arrested and brought into juvenile court early Monday morning on an affidavit charging her with incorrigibility. Shortly after her arrest Peter Yeager, a young shoe worker, of 1511 Ninth street, was arrested by Officer Moore on a warrant charging him with contributing to the girl's delinquency. Other arrests in connection with the case will be made, it is said.

The Egerton girl lives with her brother Mark at New Boston, but for the past few weeks has been coming to Portsmouth in the evening to attend religious meetings on Front street. The acts complained of were committed after the girl had left the religious meetings to go home, it is alleged.

Young Yeager was formerly an inmate of the Boys' Industrial School at Lancaster, but was recently paroled.

Mr. Johnson was released on \$500 bond, furnished by his grandfather, James Burton. Mayor

Frick announced Tuesday that the charge against him will be changed to a more serious one and that he will be arraigned on Tuesday at 1 p. m. Mr. Johnson who denies the accusations against him, has employed Judge A. Z. Blair to defend him and the trial will be held probably Thursday.

## Parents Are Invited To Attend Meeting

The January literary society meeting of the Portsmouth High School students will be held Tuesday evening in the High School Auditorium at 7:30 o'clock. A meeting of this kind is held each month. This program will be in charge of the students. The parents of the students are cordially invited to attend the entertainment, which is free. The big thing on the program will be a debate between the Junior and Senior boys on Woman's Suffrage. A boys' chorus will render several selections. Vocal selections by a boys' quartet, choir pieces by a string quartet, piano solos by David Jones and Harold Walker, cornet solo by

William Trone and a vocal solo by Roger Jones are among the many things gotten up by the boys for their entertainment.

## DO YOU NEED MONEY?

THE spirit in which this company does business—the low legal rate of interest—the personal attention given each customer—its untiring efforts to give good service, are the forces that have made its victory complete. This company does things—every event in its history has real business significance. It has not only foremost rank in the city but, unrealized, it has become favorably known the nation over, with the result that its policy is being copied wherever good loan companies exist.

There is only one answer for this success—the public has found that the policy of this company is genuine. Its sincerity of purpose therefore is never questioned. You can afford to do business with this company, for in addition to its many safeguards that absolutely protect you, its rates are much less than you would have to pay the others.

All our money is loaned at 8 percent interest per annum, plus the legal expense charge. Come and talk it over with us.

# LADIES ADMITTED FREE TO FIRST KLEIN LECTURE

The committee in charge of the Nicholas Klein lectures for the benefit of the unemployed of the city, have decided to admit all ladies free to the afternoon lecture Tuesday at Trinity church. All the unemployed, who feel that they can not pay for the lecture are also invited to attend free the afternoon lecture, which will be on "The Religion of Inspired Politics."

To avoid embarrassment to anyone there will be no ticket taker at the door, but a contribution box will be placed there to allow those who feel disposed to make a contribution, or deposit a ticket. The committee hopes to have the church packed tomorrow afternoon.

Frank W. Moulton will introduce Mr. Klein in the afternoon, and the Columbia Quartette will render several selections. The quartet is composed of Rev. T. H. McAfee, bass; M. H. F. Kinsey, soprano; J. L. Weaver, second tenor; Rev. Albert Marting, first tenor.

Attorney Edgar Millar will introduce Mr. Klein in the evening and the subject of the lecture will be "The War Business." Mr. Klein was in Budapest when the war broke out, and was chosen chairman of the American Relief Committee. He rendered such good service that William Jennings Bryan, secretary of state, wrote him a personal letter thanking him. His lectures will be found to be both interesting and instructive, as he speaks about the war from "first-hand" experience, and he gained his knowledge of "inspired politics" from his home town, Cincinnati.

## St. Clair Opened

Entirely refurbished and renovated throughout, the St. Clair Hotel, formerly the Norfolk Hotel, at the corner of Tenth and Waller streets, opened its doors to the traveling public Monday under the management of Morris Abrams and M. J. McChlain. The hotel has been closed down for the past three weeks while it has been undergoing needed repairs. Abrams recently dissolved partnership in the saloon business with Jackson Cropper, while McChlain was formerly employed by the Beer Engine Company.

# LARGE FAMILIES BRING GREATEST BLESSINGS

—SAYS FATHER GOEBEL.

"The Advantages of Large Families" formed the subject of an interesting sermon preached by Rev. Father T. A. Goebel at St. Mary's church Sunday morning.

Father Goebel said that large families have the special blessing of God, that the children are better reared, are healthier, that they possess natural virtues, are seldom selfish, are by necessity self-dependent, and grow up to be the best and brightest of men. He said that where there was quantity there was also quality. The parents who give their children health, a common school education and teach them to be good and fear God are doing more for them than all the riches they might possibly leave them.

He said that nearly all of the famous men and renowned men of this and other countries came from large families.

He cited the famous Virginia family of Englehard. It was composed of fourteen children. One became an architect and each distinguished himself. Only two did not become religious and this always seemed a source of disappointment to the mother. This country would not have a Harry Thaw today were it not for a young child who had to struggle for an existence. The poor but brave at the time of the daily newspaper to look for the cause of our nation's calamities. Nearly every one of our contributors, the significant statement "They had no children." It is hard for a woman to feel the affection of a child or for a man to hold the affection of a woman for life and children born to them form a

strong tie that binds them together.

Sacrifices suffered by parents for their children are not to go unrewarded. He vigorously condemned such as would ridicule people rearing large families who he said formed the very foundation of our government and continued future welfare.

## BLIZZARD IN WISCONSIN

Milwaukee, Wis., Feb. 1.—A blizzard of unusual proportions is sweeping throughout Wisconsin, paralyzing traffic of all kinds. There was scarcely an automobile in Milwaukee, either by telephone or by telegraph up to noon and steam and electric railroad schedules have been knocked out of all semblance to regularity.

As a medium of interesting the public in general in its work and securing clothes for the needy, The Associated Charities has arranged for a "Bundle Day." While the exact date has not been set for the occasion, announcement of it will be made later.

It will be the idea of the Associated Charities to collect and distribute bundles of clothing, which is very badly needed in the city.

Citizens all over the city and county who have any old clothes, or spare garments, should commence to collect them in order to be ready when Bundle Day comes round.

The task of furnishing the needy this winter has been exceedingly hard for the board, as it requires much clothing and wearing apparel to accommodate all those who apply for it. At the same time the stock on hand has been very scant.

## NEW BOSTON

Mayor Davis attempted to kill the French people about which complaints had been made, belonging to Mr. and Mrs. Frank Huffman of Ohio avenue, Saturday. Holding the revolver but a short distance from the dog's head he pulled the trigger but the bullet failed to hit the canine. Mrs. Huffman who witnessed the near-slaughter, fainted and had to have the services of a physician.

The village put on regular city airs Sunday when both the village picture shows opened. Mayor J. S. Davis, owner of the Popular theatre, gave a benefit show to defray the expenses of the funeral of a son of Edward Cooley, who died several weeks ago. Rudolph Koutz, owner of the Thalia theatre, opened his amusement place to defray the expense of keeping Edward Wren in the Hempstead hospital. Wren has been in the hospital for several months after undergoing an operation in which one kidney was removed. The inclement weather kept down the crowds.

Harvey Moore, son of Mr. and Mrs. Isaac Moore of Lakeside, started to school last week after being a cripple for over 12 years. When he was six months old he was stricken with paralysis, his left leg being afflicted. Several doctors took his case under advisement but after a short time gave him up as incurable. Dr. C. S. Early took the boy in charge several months ago and now he is able to walk to school. The day before Christmas was the first time he bore his weight on his left leg. His hands were also afflicted but these too have yielded to treatment and are as good as new.

Starting Tuesday Archbishop W. A. Devoss will receive bids on the work of building the new \$250,000 addition to the Stanton avenue school. Bids will be received for thirty days.

Five hoboes were given lodging in the lockup Saturday evening. Miss Mildred Laurison, who has been singing in the local theatres, lost her theatrical pass, good any place in the United States, several days ago. She is visiting at the home of Mr. and Mrs. Sam Bowling.

Ernest Breslin, employed at the steel plant, who was arrested for assault several days ago, was fined \$25 and costs when he pleaded guilty before Mayor Davis Saturday. A six months jail sentence was remitted pending good behavior.

The fourth grade class of the

Baptist Sunday school met at the home of Mrs. John Cooper of Gallia pike, Saturday. Miss Mary Spears is teacher of the class. Those present were: Misses Ethel Bressler, Mary York, Emma Polard, Myrtle Davis, Dorothy Emmert and Cecil Anderson. The next meeting will be held at the home of Mrs. Francis Anderson of Gallia pike.

Council will meet at 7:30 o'clock Monday evening the ordinance defining the duties of a deputy marshal including the caretaking of the village lights will be given its second reading. Engineer Sam Harper has the estimates ready for the paving of Gallia pike, Harrisonville pike, Park avenue, Rhodes avenue, Vine street, Ohio avenue and Grace street. The grades of several village thoroughfares are to be established.

Plans are being made for a protracted revival at the Baptist church which will probably begin next Sunday evening.

Will Fremont worked Sunday night as deputy marshal in the place of George Dever, who is suffering with a sprained knee. Dever has been working for Martin Hall for over a week.

Irene Harris, daughter of Mr. and Mrs. J. C. Harris of East Rhodes avenue, is detained from school on account of a slight illness.

The Excelsior Sewing Club of the Baptist church, held a meeting at the home of Mrs. W. J. Jenkins, Saturday afternoon.

Willis Easley, steel plant employee, is suffering with blood poisoning in one of his hands.

John Counts, son of Mrs. Nannie Counts, of East Rhodes avenue, has been ill for several days.

A number of young folks from the city were out Sunday taking camera pictures of the water flowing over Millbrook park spillway which resembled Niagara Falls in miniature.

Class No. 1 of the Christian church will give a supper at the church Thursday, February 11, 5 to 7 p. m. Will Timberlake, teacher of the class, Money received from the supper will be used to help pay for the new church. They have enough brick to complete the building but money is necessary for time, cement and other necessary materials.

## CARD OF THANKS

We wish to express our thanks to the friends for their kindness and sympathy during the short illness and death of our little one: our appreciation for the flowers given by the Ladies Aid of the Christian church and by classes No. 5 and No. 7 of the Sunday School, also by the seventh grade of the public school.

We wish also to thank Rev. Irwin for his kind services and Mrs. Irwin for her appropriate songs.

MR. AND MRS. FRANK KIRK adv 1-1

Mrs. A. C. Frawline of Eleventh and Monroe streets, is recovering from a severe attack of pneumonia fever.

# ALL CROSSINGS MUST HAVE A CLEAR VIEW OF 200 FEET

All underground crossings to be constructed by the Chesapeake & Ohio Northern railroad company in Scioto county must be so built that a clear view of each of them may be had for two hundred feet on either side. This was the decision arrived at by County Commissioners Bennett and Spencer, Monday morning, after examining the report of Special Engineer A. T. B. Somerville and County Surveyor Grover Kinler, delegated to examine the plans and specifications of the crossings, as drawn by the railroad company's engineers.

A resolution, approving the report of the engineers on the crossings and change in locations of highway along the right-of-way of the C. & O. N. railroad, and submitting it to the company for revision of its plans in accordance with the changes recommended, was passed unanimously. The railroad company's engineers now have the revised plans.

Mr. Somerville has prepared a uniform plan for the underground crossing with which the revised plans must conform. It does away with the abrupt curves shown in many of the drawings submitted by the company, and provides for a clear view of 200 feet. It also provides for a maximum grade of six per cent.

The report also provides that the overhead crossings must be built of substantial reinforced concrete or structural steel, with the roadway surfaced with macadam or some approved paving material. On secondary roads, the roadway must be 16 feet wide, and

on main roads, 18 feet wide. The company must construct a substantial railing at least three feet, six inches high, for the safety of the traveling public.

Arrangements for proper drainage at all crossings must be made by the company, the report declares.

The company's officials have indicated that they desire to comply with the wishes of the county commissioners and no controversy is anticipated. The commissioners feel that they have given the proper consideration to the safety and comfort of the traveling public in approving the revised plans.

All authority for dealing with the railroad company in the matter of grade crossings rests with the court of common pleas. Three such crossings are planned by the company in this county.

# Pastor Warns Against The Breach Of Lenten Discipline

**Brotherhood Class**  
"Evil Overruled for Good" was the title of the lesson studied by the Brotherhood Class at All Saints' church yesterday. And the only bad element connected with the meeting of the class was the weather. And even that evil was overruled for good—the men refused to avail themselves of snow, and sleet and "mush" as an excuse for absenting themselves from the session and the attendance was good. The discussion of the lesson was participated in by most of those present and was interesting and stimulating to a degree. In fact there was not a dull moment. Two visitors were present and they will come again. The class is growing in numbers each week and when the day comes that witnesses a perfect attendance of all members enrolled an exodus to the Parish House will be in order as the pastor's office will not be large enough to seat the Brotherhood, our constitutional objection to moving will be suspended when that day comes.

**Lent and Society**  
In accordance with his usual custom, the Rector of All Saints' church reminded the members of the parish, of the close proximity of the Lenten season, at both services yesterday, and requested them to abstain from making any social engagements at this time, which might interfere with their reverent and faithful observance of the sacred season of penitence and prayer. Branches of Lenten discipline, said the Rector, though committed by individual communion, and by very few of All Saints' church, this city, will yet bring the whole body of the church into shame and disrepute. All loyal servants of Christ ought to be jealous for the good name of "the church which is His body."

**All Saints' Calendar**  
Tuesday 2nd.—Feast of the Purification of the Blessed Virgin Mary. Holy communion in chapel at 9 a. m.

Wednesday 3rd.—Regular monthly meeting of the Vestry at 8 p. m. Frances Badger Guild at home of Mrs. William Bridges.

Thursday 4th.—Woman's Auxiliary at home of Mrs. H. C. Donnelly on Court street.

Friday 5th.—Confirmation Class for adults, Rector's office, 7:30 p. m.

**The Club**  
Two games will be played in the Club basketball league this week.

The Athletics and the Tigers meet tonight and on Thursday evening the conflicting teams will be the Buckeyes and Superbas.

The general public is invited to witness the games. Ten cents admission charged for league games.

**Quiet Day and Conference for Priests**  
The Right Reverend Theodor I. Reese, D. D., Bishop Coadjutor of Southern Ohio, will conduct a Quiet Day and Conference for the priests in the Conventions of Columbus and Dayton this year. The of the sacred season of penitence and prayer. Branches of Lenten discipline, said the Rector, though committed by individual communion, and by very few of All Saints' church, this city, will yet bring the whole body of the church into shame and disrepute.

# NEW BRIDGE WASHED OUT

A. T. B. Somerville, local civil engineer, received word Monday morning that all of the false work and one 265 foot steel span across the Scioto river at Highways 100 and 101, had been washed away by the high waters early Monday morning. The former bridge was washed out in 1913, and the new bridge was being built by the Mr. Vernon Bridge Company.

Mr. Somerville was requested by the company to have men on the lookout here for portions of the false-work, as several valuable timbers were washed away. It is thought that the steel work is a complete wreck, which means a heavy loss to the company.

# Arraign Silliman On Murder Charge

Walter Silliman, of near Franklin Furnace, arrested last Thursday night on suspicion of being implicated in the fight which terminated in the death of John Banks at Ironton last Friday morning, was arraigned on a charge of murder before Judge John W. Byron in this city at one o'clock Monday afternoon. He pleaded not guilty, waived examination, and was bound over to the grand jury without bond. Attorney George W. Sheppard represented him. At the conclusions of the hearing, he was remanded to the county jail.

Silliman's brother, William, Banks in a deathbed statement charged with having inflicted the fatal knife wound. It is still at large and no clue has been unearthed which would lead to his apprehension. If arrested, he too, will be charged with the murder of Banks.

The fight occurred at the Silliman home near Franklin Furnace on Friday evening, January 22. Banks was later removed to the hospital at Ironton for treatment, where he died last Friday from the effects of a knife thrust in his left side. Coroner Daehler, who with the assistance of two other physicians, conducted an inquest at Ironton last Friday afternoon, stated Monday that his report would not be ready for a couple of days.

## Race At Novelette

On next Thursday Bramer and Ray will race at the Novelette skating rink. Manager Paul Briggs is backing Bramer, whom he thinks is one of the best skaters in the state.

Tuesday night a block party will be given, when the winning couple will be given a suitable award.

## FREE ADVICE TO SICK WOMEN

Thousands Have Been Helped By Common Sense Suggestions.

Women suffering from any form of female illa are invited to communicate promptly with the woman's private correspondence department of the Lydia E. Pinkham Medicine Co., Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence. A woman can freely talk of her private illness to a woman; thus has been established a confidential correspondence which has extended over many years and which has never been broken. Never have they published a testimonial or used a letter without the written consent of the writer, and never has the Company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which they have to draw from, it is more than possible that they possess the very knowledge needed in your case. Nothing is asked in return except your good will, and their advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass.

Every woman ought to have Lydia E. Pinkham's 80-page Text Book. It is not a book for general distribution, as it is too expensive. It is free and only obtainable by mail. Write for it today.

Just as Scores of Portsmouth People Have.

Waiting doesn't pay. If you neglect kidney backache, kidney troubles often follow. Doan's Kidney Pills are far better backache, and for other kidney ailments.

Portsmouth citizens endorse.

Mr. Joseph Billian, 627 Eighth street, Portsmouth, says: "Doan's Kidney Pills cured me of a bad kidney complaint over 10 years ago and I have had no return of the trouble. I have noticed scores of people to try Doan's Kidney Pills and to my surprise they have all been cured. My little daughter had a case of kidney trouble only a few days ago and I gave her a box of Doan's Kidney Pills and her up in fine shape. I will not ask for a kidney remedy but Doan's Kidney Pills. ## Ministers Endorse The Hamill Bill

After listening to a splendid paper read by Rev. C. Lloyd Strecker, pastor of Trinity church, whose subject was "The Bible and Inspiration" members of Ministerial association at their meeting Monday morning passed a resolution endorsing the Hamill Pension Bill, which provides for a pension to letter carriers after reaching the age of 70. It was decided to co-operate more thoroughly with the Associated Charities this year and each minister will be asked to do all he can to widen the field of this worthy organization. Several talks were made on this matter and it was agreed that in the future all ministers would devote more time to this organization than they have in the past. The Laymen's Missionary Movement was also taken up and warmly

## Raid Proved To Be Only "Water Haul"

Police received a tip Monday morning that a Lucy Cox, colored, was entertaining a number of white men at her home in Paradise alley. Through a misunderstanding the city service wagon with a detail of officers went to Fourteenth and Findlay streets instead and when they did reach Lucy's place found no one there but Jim Polly, an aged negro. Officer Allen, who had planned the raid, made up for his disappointment by inviting the "Flying Squadron" into his son's grocery nearby and treating the boys to cigars and apples.

an operation for the removal of his right kidney, and the attending physician says that he has not recovered sufficiently to be discharged. His relatives are too poor to pay his medical expenses, and it was only through a collection taken up at New Boston several days ago that he was enabled to enter the hospital. The operation was performed free of charge by the attending physician, who interested himself in the young man's case. He claims that Wrenn should not leave the hospital before spring. A moving picture benefit was given for Wrenn at New Boston, Sunday.

## Goes To Buy Goods

Mrs. Carter Brown will leave Wednesday for the East to purchase a complete line of new spring goods for her millinery store on Gallia street. She is planning to have an exclusive and snappy line of goods for spring patrons.

## WILL BUILD COTTAGES

Charley Wertz announced Monday that he would soon begin the erection of three five-room cottages in the Wiggard addition near Wheelersburg. Mr. Wertz recently came into possession of this strip of land, which was owned by Hon. E. E. Furbanks, of Winchester, Ky.

### JOE BROKE COMMANDMENT

Officer Joe Bonzo confided to a Times correspondent Monday that just as he was leaving the house for his day's work he slipped and before he "lit" he said half the alphabet. When he "struck" he confesses he broke one of the commandments.

## Mayor Asks Investigation

## HEADACHE, COLDS, COSTIVE BOWELS, TAKE CASCARETS

Get a ten-cent box now. You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick gassy, disordered stomach, or have a bad cold.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil.

Cascarets work while you sleep; cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the contaminated waste matter and poison in the bowels.

A Cascaret tonight will straighten you out by morning—a ten-cent box from any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never gripe or sicken.

## DEVOTED TEACHERS AND MODERN METHODS URGED

The services at Trinity M. E. church Sunday evening consisted of "An Efficiency" program, in which representatives from six of the organizations within the church discussed briefly the subject, "What can the church do to make the several organizations more efficient, and what can these organizations do to help the church to better service?"

W. B. Anderson, superintendent of the Sunday school, recommended the application of the most approved modern methods of Sunday school work and the pressing into service of teachers who were devoted and consecrated to the work. The Sunday school, he said, should promote the cause of temperance and morality, and be one of the greatest sources of education and uplift for the young. Arrangements should be made to care for a member from the time of birth to old age, beginning with the "Cradle Roll." The church, he added, could help the Sunday school in its efforts by providing the necessary equipment and literature, and by making its membership a part of the Sunday school.

Mrs. W. B. Anderson, speaking for the Foreign Missionary Societies of the church, gave a short history of their existence, and told of the good that they had accomplished. She told of the number of girls who were being pre-

pared for foreign missionary at the expense of the local societies, and of those already in the foreign fields who had been assisted by them. The members of the church, she added, could make these organizations more efficient by liberal contributions and by their moral support of the work undertaken.

"America for Christ" was the theme of the brief address of Mrs. Howard Sellards, who spoke for the Home Missionary Societies. She emphasized the responsibility that devolved upon the church in taking care of the foreign classes that emigrated to American shores, as well as the need of our own people. She told of the work that had been accomplished by the local societies and of how much more could be accomplished if every one in the church would lend his assistance to the work, even in a small degree.

Others who made short addresses were J. H. Finney of the Men's Bible Class, Mrs. Charles Mohl of the Ladies' Aid Society, and Prof. Albert W. Stearns of the Epworth League. The pastor, Rev. C. Lloyd Strecker, concluded the service with a brief summing up of the salient points advanced by the six preceding speakers, and an appeal to the membership to take a renewed interest in the different activities of the church. A large crowd was present, despite the bad weather.

## Banquet Plans

The final meeting of the committee in charge of the Eagles' "Get Together" banquet was held Sunday afternoon at Eagles' hall with all members in attendance. Final arrangements were perfected for the big spread, which will be enjoyed Thursday evening at the lodge hall. The banquet is expected to prove the most notable affair in the history of the local lodge. Thomas J. Cogan, of Cincinnati, Past Grand Worthy President of the order, will be the principal speaker.

## SERVED ON TORPEDO BOAT

Abro Kates, who has served his four years as sailor in the United States navy, was in the city Saturday to pay a few days' visit to his uncle, Wiley Kates, court bailiff. He visited his grandfather, James M. Kates, of Randall, before coming to Portsmouth, and left Monday for Lockbourne, O., to visit Mrs. Lulu Bobsi, another relative. After a short visit there he will return to his home in New Orleans, where he was married June 14.

Abro spent the greater part of his first two years as a sailor on the torpedo boat Reel. After faithful service on the Reel he was transferred to the U. S. ship Amphitrite, stationed at New Orleans. The Amphitrite is one of the United States monitors. He was at New Orleans

for a year. His final year was spent on the Hartford, stationed at Charleston, South Carolina. While on the Amphitrite, Kates made frequent trips to the Mexican coast, which is now the scene of battles. Kates was paid off at a time when a sailor would not want to leave the service as it is this month that the United States ships make their trip to San Francisco where the sailors will attend the exposition.

## GOING INTO BUSINESS

Oliver Burke, who has been in the employ of H. B. Lacker, Fulton undertaker, expects to engage in the undertaking business for himself. He will open an establishment at Fulton about Feb. 15. Tuesday Mr. Burke will go to Cincinnati to buy fixtures.

Mr. and Mrs. Al Hammett, of Second street, spent Sunday with relatives in Trenton.

## BAD COLD? GET RELIEF AT ONCE WITHOUT QUININE

You can end gripe and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until three doses are taken.

It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Ease your throbbing head—nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts with out assistance, tastes nice, and causes no inconvenience. Be sure you get the genuine.

## PRIZES FOR MEMBERS

In order to work up interest in the securing of new members for Portsmouth Camp, Modern Woodmen of America, suitable prizes will be given those who bring in new candidates. Any member securing three adoptions will be presented with a pair of shoes; five adoptions, a \$10.00 prize; eight adoptions, a gold watch; ten adoptions, a suit of clothes valued at \$20.00. All adoptions must be in by July 1 and turned over to any member of the team. Capt. H. E. Parkett believes the membership will grow by leaps and bounds under the new arrangement, and he stated Monday that he hoped every member of the camp would win a suit of clothes.

## Injured In A Fall

Mrs. Bee Damon, residing at 814 John street, has practically recovered from the effects of a hard fall she sustained the other day. She slipped on the icy sidewalk near her home and fell alighting on the back of her head. She was rendered unconscious by the impact and remained in a stupor for a couple of hours. A physician was summoned, for it was feared for a time that she had received a fractured skull. An examination showed no bones broken, although Mrs. Damon had a close call from serious injury.

## ASK DAMAGES OF C. & O.

Ashland, Ky., Feb. 1.—C. W. Stenman and Joe Mundhenk, of this city, traveling salesmen, today filed suits against the C. & O. Railroad Company for \$1,000 each for damages. They charge that when traveling between Ashland and Greenup they were compelled to ride in a "Jim Crow" car, which fact caused them great humiliation.

In New Office. Reitz Bros. moved Monday to their new offices on the seventh floor of the First National bank building. They had been located on the fifth floor.

## Men Win At The 1st Baptist Church

Seldom does one hear that the boys we have had for some time made attendance at Sunday school. It will urge his aides to keep right at work and bring all the men and boys they can for the following Sunday. A two-months' friendly contest to see which can bring out the largest attendance. There were 103 men and boys present, against 83 women and girls. However, the one of the top-notchers, Ralph Gendron, whom Saperin appointed to lead the men, is aware that the weather was in their favor yesterday, it being one of the worst Sundays for next Sunday. ## Candlemas Day

Candlemas day will be observed in the Catholic church. The candles to be used on the altar and in sick and death chambers during the year will be blessed on this day. The blessing of the candles will take place at St. Mary's church Wednesday. Infants will be blessed between 2 and 2:30 p. m., and working people in the evening.

## MORE OF BRIDGE GOES OUT WITH THE ICE

Ice gorges, some of them as high as five feet, poured into the Ohio river at the mouth of the Scioto, Monday morning, making travel across the river, even in skiffs, extremely hazardous. No attempt was made to run the ferry. Two more sections of the temporary bridge, one on each side, were torn out by the torrent of water and ice, leaving only a small portion of the bridge now standing. The Scioto raised three feet during the night, and was still rising Monday morning.

## CUPID BECOMING A LOAFER

## WAS BAPTIZED IN THE OHIO RIVER SUNDAY

Mrs. Curtis Russell followed the example and obeyed the command of our Lord and Saviour Jesus Christ in the ordinance of Baptism by John W. Wyman, district evangelist for the Ohio Baptist convention in the Ohio river at Sciotoville, Sunday at 2 p. m. Among others in the large crowd that gathered to witness the scene was Evangelist Irwin who assisted in the exercises. Great reverence was shown by the C. & O. bridge workers on the Kentucky shore by closing down for the occasion. The clouds cleared away and the sun shown, which added to the solemnity. TIMES READER.

## SUNDAY SCHOOL ATTENDANCE

Inclement weather Sunday caused a drop of 1002 in the Sunday school attendance. For the first time in three months the attendance dropped below the 4500 mark. Christian was in the lead for the second successive Sunday with 656 present, 209 less than one week ago. Trinity in second place with 578 in attendance had 811 present the Sunday before. Bigelow, Manly and First Presbyterian, each had over a hundred absent on account of the bad weather. The smaller schools, having only 5 or 10 less than the Sunday before. Following is the Sunday record:

Christian	656
Trinity	578
Second Presbyterian	491
Manly	411
First Presbyterian	353

## THE AMERICAN DISEASE

Neurasthenia may be called a distinctly American disease because the condition of nervous strain that produces it is more prevalent here than in any other country. Overwork and worry, rapid pace, the high tension at which business is conducted, all use up the nerve force and produce neurasthenia, for the disease is simply exhaustion and excessive irritability of the nervous system. A tendency to neurasthenia is inherited by many Americans whose ancestors had a small stock of nervous energy to begin with. Grief, excessive worry or disappointment in love, business or school work may cause neurasthenia. The symptoms include a feeling of exhaustion upon rising in the morning, of disordered sleep, headache, with a sense of weight and dullness about the head. The patient is irritable, difficult to please, and suffers from depression. The treatment is to remove the cause if possible (as when overwork is responsible), to abundant rest, spend long hours in bed out of every twenty-four, eat as much nourishing food as possible and take Dr. Williams' Pink Pills to restore the nerves. Send today for our free booklet on "Nervous Disorders." Address: Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

## LEXINGTON MAY BREAK INTO CENTRAL LEAGUE

Lexington, Ky., Feb. 1.—The Lexington Baseball Club, through Secretary Tom Sheets, has made application for admission to the Central League. The application has been approved by the league and the Lexington team will be heard from. Local fans are enthusiastic over the proposition and are hopeful that Lexington will be taken into Class B. circles.

This news will not be taken seriously by local fans, as Lexington would hardly support a team in the Central League, where salaries must necessarily be larger than they are in the Ohio State. Then, too, the extensive jumps would cut deeply into the receipts of the Lexington club. From indications gathered near the surface the odds will be back in the Ohio State League again this year.

## FIGHTING CHAS. KENNEDY HAS MADE GREAT RECORD

"Fighting" Charles Kennedy, Portsmouth's premier pugilist, who is spending a few days in this city, has landed well up at the top of his chosen profession through a wonderful display of grit, nuck and courage. When he left Portsmouth for New York several years ago, he carried with him just enough shekel to enable him to reach the cultured east. However, those who helped him reach his destination, knew the lad had a strong heart and a kick in either hand and that if given a chance he would battle hard for victory. It did not take him long to break into the preliminaries, and he won with consistent regularity. Those who witnessed him in action saw at once that he was a two-fisted fighter. His foot action was not at all graceful and he fought in a rather awkward position, but he won and won by such margins that it was not long until he was billed as a headliner. Instead of drawing down enough for a week's board as a preliminary fighter, he began fighting for purses that ran up in the three figures and finally secured \$1500 as his share of the proceeds in his scrap with "Dixie" Kid.

He has been fighting for five years and strange to relate he has never been knocked off his feet, which means he has never been sent to dreamland. He has stopped some terrific wallows with his jaw, but seems to have the knack of "assimilating" knock-out punches, shaking 'em off like little love taps. He has been in many a tight pinch, where it was necessary for him to hang on, grab hold of his opponent and pin his arms so he couldn't deliver the necessary wallop. He kept up these battles until his head cleared and then went after his opponent with hammer and toner.

"Fighting" Kennedy has never lost a decision, although he has hooked up with heavyweights, big chaps, who outweighed him 50 pounds. He has exchanged wallows with such huge chaps as Larry Temple, who at one time was considered a likely white hope.

The local scrapper expects to remain here for several days in the hope that he may put on a battle in Portsmouth. Providing he can secure Mayor Frick's consent, he will put on the best boxing show ever seen in Portsmouth. After which he will leave for New York, where he has several engagements. A rest will do him no harm. He has battled until over bone in his two hands has been broken. His ears resemble those of Battling Nelson, and he will carry the scars to his grave.

Since entering the fight game he has made the following record:

## Fight Is Off

Chicago, Feb. 1.—Owing to the condition of the boxing game in New Orleans, Ad Wolgast, former lightweight champion has called off his 20-round bout with Joe Mandot scheduled for the Crescent City, February 14.

Wolgast has booked himself for three battles, the first one to take place February 8, with Cy Smith at Columbus, the others being with Joe Shugart at Jimmy Johnson's club in New York, February 18, and with Hal Nelson at the same club on Washington's birthday.

**IN NEED OF STIMULANT, OHIO STATE WILL COME BACK STRONGER THAN EVER**

Columbus, Ohio, Feb. 1.—Of all the cities located in Ohio State League territory, and which have been on the doubtful list, Ironton is leading in making an effort to return. Lexington, Portsmouth and Charleston are counted upon as being reasonably sure to line up again.

Information reached Columbus today that Chillicothe is not considered as a baseball graveyard, but that new officers will be needed there. At Ironton, Mayor Hannan is interested in giving his city a club under brand new control, and it may be that the proper parties will come forward at Chillicothe. At Huntington, W. Va., the most natural rival, and it is possible that Maysville, Ky., will come back into line.

During the seven years of its existence there has not been a season in which a squad of players was not prepared for advancement. To have continued this laudable work of helping young players get started upward is the aim of the league's reorganizers. Whether the present officers will continue is a matter of doubt. The main thing now is to organize six or eight cities will ever be able to call attention to the death of the Ohio State League. It is true that this organization has been very ill more than once, but nobody has ever heard of its death since.

**SPLIT SEASON WOULD HELP LEAGUE**

When the Ohio State League managers hold their next meeting, which will be within a few weeks, it is believed the split schedule will be given careful consideration. It is known that one or more of the league managers are in favor of this idea, and they will probably try it out this season.

This thing of dividing the race into two halves is becoming more popular in the minor leagues each season, and it should. Every fan knows what it is to have a team go out in front at the start of a campaign and practically at the moment before the race is half over. There is no doubt but that the grand start which the Chillicothe Blues grabbed last spring put a crimp on the Ohio State League campaign and incidentally had a lot to do with the dropping out of several of the teams from the circuit.

**Grandma Used Sage Tea To Darken Hair**

She made up a mixture of Sage Tea and Sulphur to bring back color, gloss, thickness.

**Common garden sage** brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and falling hair back to its original color, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is falling, gray or dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-made tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not ideal, we all desire to retain our youthful appearance and attractiveness. Try darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes luxuriantly dark, glossy, soft and lustrous.

## Saturday's Games

Never in the history of Boy Scout Athletics has there been such unusual interest in a series of games as those played on Saturday in the Basketball League. The Covenants—West End contest was the hardest fought during the afternoon, and at the close of the first half the Covenants were one point ahead. In the last half they had things their own way, winning out by the score of 17 to 10. Dever was the real star for the Covenants, boys, shooting five difficult field goals.

The Bigelows gave the strong Tiger aggregation a great surprise when they defeated them 11 to 2. The Tigers failed to register a single field goal, and their two points were foul goals thrown by them. Yapple and Dillon were the Bigelow stars, and put up a fast exhibition of playing throughout the game.

The C. C. C.'s and the Crackshots, the two teams representing the East End troop, fought like tigers for troop honors, and at the close of the first half were tied 1 and 4. In the last of the game they were still tied; this time the score being 8 and 8. In the very last second of the game Dever was hit for the C. C. C.'s when his field goal gave them the game 9 to 8.

The race has tightened considerably as the result of Saturday's games, and it looks now like a battle royal for permanent honors.

## Feast Day Services Will Be Observed

## Candlemas Day

Tuesday morning, at 7:30, services at Holy Redeemer church will commemorate the Feast of the Purification of the Blessed Virgin, or the presentation of the Child Jesus in the temple in conformity to the Mosaic law. Before the mass the candles used in divine services and in the administration of the sacraments on the occasion of sick calls are blessed by the priest.

It is customary for each family to provide for home use at least two candles, and to make a pious offering of at least two candles to the church. There are four candles to the pound, the price per pound is fifty cents.

## The Ceremony of Throat Blessing

Wednesday morning, at 7:30, at the Church of the Holy Redeemer, the beautiful ceremony of blessing the throats of children and adults will be solemnly observed. At 7 p. m., for the benefit of all those who are obliged to work, the blessing will be given. Wednesday, February 3rd, the Catholic church celebrates the feast of St. Blasius, saint, bishop and martyr.

Pious tradition sets forth the

story that St. Blasius was bishop of Sebaste, in Armenia, and most accounts place his martyrdom in the reign of the Roman Emperor Licinius 316. According to tradition, Blasius was a physician at Sebaste, before he was raised to the Episcopal dignity. At the time of the persecution under Licinius he was taken prisoner at the command of the Governor Agricolaus. The hunters of the wilderness in a cave, to which he had retired, and while in prison he performed a wonderful cure on a boy who had a fishbone in his throat, and who was in danger of choking to death. After suffering various forms of torture, St. Blasius was beheaded.

In many places on the day of his feast the blessing of St. Blasius is given. Two candles are consecrated generally by prayer. These are held in a crossed position by the priest over the heads of the faithful, or the people are touched on the throat with them. At the same time the following blessing is given: "May God, at the intercession of St. Blasius, preserve you from throat troubles and every other evil, in the name of the Father and of the Son and of the Holy Ghost. Amen!"

## Red Men Initiation

Four local Red Men, Daniel Thomas, Roy McElhenny, Sampson Felchut, and Thomas C. Patterson, attended a big initiation Saturday evening by Shennandoah Lodge, No. 273, Improved Order of Red Men. Twenty-seven candidates were initiated in the mysteries of the order by the crack degree team of Adsett Lodge, No. 38, of Wakefield. About sixty members of Wakefield lodge accompanied the degree team.

Following the ritualistic ceremonies, a delightful banquet was served, which was heartily enjoyed. All of the Portsmouth visitors were called upon for short addresses and responded.

## Saloon Changes

The Scioto County Liquor Licensing Commission Monday granted the application of William R. Schell for a transfer of the saloon license of J. H. C. Gray, former owner of the Rismack Cafe. Gray assigned the place to Attorney William R. Sprague, who closed a deal with Schell. The sale was approved by Probate Judge Peatty. Schell opened up Monday morning with his brother-in-law T. H. Haines, as bartender.

Favorable action in the matter of the application of Jesse Marshall, colored, for the transfer of the license issued to the late Joseph Dill, will be taken by the board as soon as Marshall complies with all of the requirements. The deal for the place has not been finally closed, and the board will withhold its action until that time.

Police Chief W. T. ## Work Started On Monday

Alan Jordan suggested to the city authorities Sunday that ice be removed from the gutters on the principal streets, but the service department, after investigating, decided the plan was impracticable, because the ice in the bottom of the gutters would not permit the drag to adhere to the surface. Besides, it was raining most of the time and it was deemed best not to start the work before Monday.

## SCIOTOVILLE STIRRED BY REVIVALS; 116 CONVERTED

## 46 Converted

Sunday was a memorable day at the Sciotoville Christian church, where a very successful revival is being conducted by Evangelist Rochester Irwin, who is being ably assisted by his wife, who is a splendid vocalist. There were 27 accessions Sunday and the attendance was gratifyingly large, despite the inclement weather. At the Bible school yesterday morning all previous attendance records were broken, as 264 were present. At the conclusion of these services, Evangelist Irwin delivered a soul-stirring sermon on the subject of "Deep Sea Fishing," at the close of which several came forward.

In the afternoon at a mass meeting of men the evangelist spoke on "What Is Man?" He showed that money, clothing, education, reputation or standing in society does not constitute manhood, but that courage, conviction, industry, honesty, gentleness and perseverance are necessary constituents of manhood.

At the evening services Evangelist Irwin spoke to a very large audience and he brought to the congregation a great lesson from the life of "Jehoshaphat."

In this discourse the speaker emphasized the fact that man is the only object in all creation possessing the power of choice. "The stars go whirling through space because they must; the chameleon changes its color through force of natural law; the polar bear does not choose its environment; it remains where nature placed it. This fact is not true of man. He is pre-eminent in creation because his habits, character, environment may be changed or modified by the exertion of his will. Inanimate, unintelligent creation is governed by law and instinct; man of reason and by will. If man wallows in the mire it is his choice. If he rises almost to the power and glory of God, it is because he chooses to do so." In conclusion the evangelist made a forceful and eloquent appeal to his auditors to choose a life of service to God and humanity.

There have been 16 accessions in three days and the revival is proving to be one of the most helpful ever held in Sciotoville. Evangelist Irwin's subject tonight will be "The Destiny of Man." There will be special music.

## 70 Converted

Evangelistic services at the Sciotoville M. E. church are increasing in attendance and interest under the leadership of P. B. Osborne and the capacity of the house is hardly sufficient for the crowds that are coming to hear the evangelist. A most impressive children service was held Saturday afternoon for the school children and there were twenty-six conversions. Sunday was another great day for at the morning service the affairs were crowded.

Sunday evening was another great event. The Sciotoville orchestra was present and assisted in the music. The preacher's subject was "Who and How the Knocks." After the sermon the invitation was given and seven responded to the call and before the close of the service they were joyously saved. This makes a total of 70 conversions. The meeting will continue throughout this week, with cottage prayer meetings each day. The Rev. Mungey will conduct the regular quarterly conference tonight and will preach, after which Rev. Osborne will conduct the evangelistic service.

A. B. JOHNSON, Pastor.

## Doing All In His Power

The mayor is in receipt of a letter from J. J. Davidson, assuring him that he is doing all he can towards facilitating the pension for principal streets, but the service department, after investigating, decided the plan was impracticable, because the ice in the bottom of the gutters would not permit the drag to adhere to the surface. Besides, it was raining most of the time and it was deemed best not to start the work before Monday.

## MANLY REVIVAL WAS BIG SUCCESS

The revival meetings, which had been conducted in Manly church, in the East End, came to a close Sunday evening, and the results were eminently pleasing to Rev. W. T. Gilliland and members of this congregation.

Rev. Gilliland stated Monday that there were more than 100 accessions during the meeting. The services Sunday, despite the disagreeable

weather, were very largely attended. On Tuesday night Rev. Gilliland will meet officials of the Epworth league and the Sunday school officers, as several matters will come up for disposition.

On Wednesday evening evangelistic services will be conducted by the pastor, these services taking the form of a reunion on account of the successful termination of the revival.

## MISSED YOU? SURE WE DID

(Contributed)

Considering the weather the E. M. B. C. of Fourth street M. E. with an attendance of twenty-four did not do so bad, but it could have been better. The topics for discussion were: Has a child an advantage over other children, by being born into a Christian home? and what is the influence of such a child in society when imbued with Christian principles?

Now this does not mean a church-goer's home, but home governed by the spirit of Christ. In the discussion that followed it was agreed that such a child would wield such an influence for good on society, that not only would be a blessing in its surroundings, but would have a beneficial effect upon a nation, if

was also proven that a great responsibility rest upon the parents bringing up children so they will become useful citizens, who would uphold the morals of a nation, and be a powerful influence upon the world at large, which in course of time would terminate all trouble. Then we can say the Kingdom of Christ is established on earth. Now to bring this condition about ask yourself, if you are not individually responsible, and help change conditions, and first of all attend the Bible studies that you may be able to learn what part is expected for you to perform. If not attending any other class you are cordially invited to attend the Every Man's Bible Class of the Fourth Street M. E. Church and Washington streets.

## MOOSE PAY HONOR TO COL. GEO. H. HAMILTON

Local Moose will read with interest, the following account of the celebration of the birthday anniversary of Colonel George H. Hamilton, at Newark Lodge, at Newark last Thursday evening, taken from the Newark American-Tribune. Dictator William Barron was the only guest present from Portsmouth:

"Last night was the biggest night local Moosehood ever had. The hall was crowded to its utmost. Only a small class of twenty-five were initiated into the order and they certainly were a clean cut class of young men.

"As it happened the most inspiring event of the evening was the love and esteem held for Colonel George H. Hamilton upon the occasion of his birthday. Peerless Lodge, No. 762, of Portsmouth, Ohio, presented him with a large and magnificent basket of roses and lilies of the valley. Columbus Lodge, No. 11, presented him with a large bouquet of deep red carnations, which in their color signified love and then it is the color of the order.

"In addition there were letters and telegrams addressed to the lodge asking that it convey the congratulations of senders' lodges and individuals.

"William C. Barron, dictator of Peerless Lodge, made an eloquent and impressive speech in presenting to Colonel Hamilton the token of that lodge."

## GERMANY OPENS WAR ON MERCHANT MARINE

Berlin, (via Amsterdam and London) Feb. 1.—The German newspapers comment extensively on the German submarine raid in British home waters.

"We hope that the commercial war now taken up by German submarines in British home waters," says the Tages Zeitung, "will strike at the root of the British transatlantic trade."

Captain Doering, the naval expert of the Berliner Tageblatt, has this to say of the event in his paper:

"Especially remarkable is the character of new action. Hitherto the most advanced point where our submarines displayed activities was in the westerly outline of the channel, and hence forward the English merchant navigation will have to reckon with other German submarine dangers which it can only avoid when it stops traffic."

The Post says sarcastically:

"We see that England's attempt to cut off the supply of victuals by harassing all foreign trade promises great success."

Paris, Feb. 1.—The sinking of the British steamer Tokomara in the English channel off Havre by a German submarine, said to have been done without previous warning to enable the crew to escape, has provoked an outburst of indignation in the French press. All refer to the interview credited to Admiral Von Tirpitz, the commander-in-chief of the German naval forces, in which a war on merchant ships by submarines was outlined.

## SUNDAY FOOLS CAPITAL WITH SLANGLASS SERMON

Washington, Feb. 1.—Billy Sunday came from Philadelphia a few days ago and fooled Washington. He left all his slang behind and talked in Bostonese. Along with him he brought his whole team of 23 persons, and everyone agreed that his sermon was distinctly different from those that have made the evangelist famous.

His opening sentences as have

### KAISER CONGRATULATES THE LANDWEHR

Berlin, (via Amsterdam and London) Feb. 1.—Emperor William in a speech to a Landwehr battalion made before it left general field headquarters, said:

"I congratulate you, comrades, your wish to go to the front has been fulfilled. I thank you for the good work you did here."

"I am very much satisfied with you for I know what my Landwehr is worth. Everywhere the Landwehr has fought splendidly. It did so in the east and recently in the Vosges it was the Landwehr, who with the boldest bravery and contempt for danger, stormed an important height

### PAIR OF JUVENILE OVERALLS SENT TO WHITE HOUSE BABY

Washington, Feb. 1.—Baby Sayre, the President's grandson, received a new present by parcel post today—a pair of juvenile overalls, blue jeans.

"Who sent 'em?" asked the reporters.

"Don't know," was the official answer; "but lay it on Bill McDonald. He has been around Washington several days and it looks like Bill's work."

Sure enough, it was, Bill, who happened to stroll into the executive offices during the day, was asked point blank if he was the man. "Yes, that's true," he said. "Then breeches is all right for the kid. They may be a little big right now, but the boy will grow up to them."

Bill used to be President Wilson's bodyguard back in the days before the election. He is a typical Texan, who constituted himself a guard for Governor Wilson after the Governor was nominated for President and until the Secret Service relieved him March 4, 1913. Then, as soon as the President could find a United States Marshalship vacant in Texas, he appointed Bill to the job.

Mrs. McDonald made the breeches with her own hands.

The President today wrote a letter of thanks to Mike Donovan, New York athlete, who sent the baby a pair of miniature boxing gloves. He told Mike that he hoped that his grandson would be able to use the gloves "when he is old enough to strike out for himself." Mike is going to frame the letter.

## RESUME FIGHT ON SHIP PURCHASE BILL

Washington, Feb. 1.—When the senate met early today to resume consideration of the government ship purchase bill, the truth in the historic legislative contest over the measure was declared off and Democratic and Republican senators alike, refreshed after a recess of 31 hours, were ready to continue the fight anew. The truth began at midnight Saturday following a continuous session lasting 36 hours and was terminated when the senate reconvened today.

The Democratic leaders have thrown down the gauntlet to the Republican minority party by announcing that the shipping bill would be continuously kept before the senate from today on. The Republicans promptly accepted the challenge and declare they are ready to meet any plan of campaign the Democratic leaders may launch.

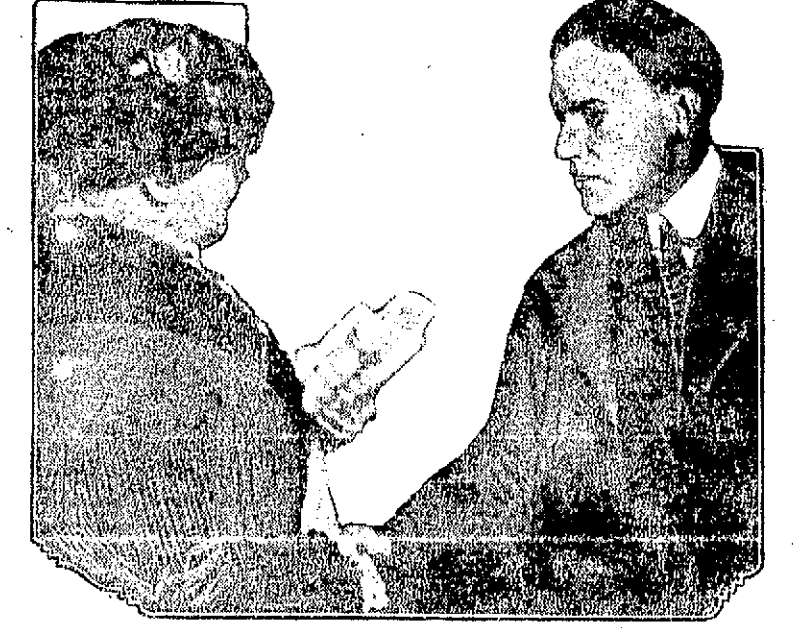

When the senate met today Senator William Alden Smith of Michigan, was ready to resume the speech he had begun when a recess was taken Saturday night.

## GOHAMITES MAY HAVE TO PAY MORE TAXES

New York, Feb. 1.—Four new sources of revenue to the city, the chief of which is a proposal to impose a special tax on all persons who receive an income of more than \$24,000 a year in New York City, are among the recommendations of the mayor's tax commission which go before the board of estimate today.

A salary tax, it is estimated, would yield from \$3,000,000 to \$4,000,000 a year and bring the annual proceeds accruing to the

Mother Jones shook hands with young Mr. Rockefeller and after their interview each said complimentary things about the other.

## MRS. CARMAN MUST FACE A JURY AGAIN

Freeport, N. Y., Jan. 31.—After a conference last night with William Bailey, whose wife was shot and killed in the office of Dr. Edwin Carman in the village on June 30 last, District Attorney Lewis J. Smith, in his announcement, stated that he would try to have the second trial started. Florence Conklin Carman is to be placed on trial again, accused of the murder.

The first trial last October resulted in a disagreement, and since Mrs. Carman has been at liberty on a bond of \$25,000.

District Attorney Smith, in his announcement, stated that he would try to have the second trial started. Florence Conklin Carman is to be placed on trial again, accused of the murder.

## GREECE PREPARED TO AID SERBIANS

## Austria And Hungary Fused Closer By War

Budapest (via Amsterdam and London) Feb. 1.—Count Stephan Tisza, the Hungarian premier, in the course of a speech here on the relations of Austria and Hungary and of Austria-Hungary and Germany said:

"The war already has been a triumph in fusing together our peoples. It has brought very near together the souls of Austria and Hungary."

In referring to Germany Count Tisza said:

"If ever there were two allies who can have absolute confidence in each other, this is a case now."

## RUSSIANS OCCUPY TABRIZ

Petrograd, Feb. 1.—The Russian cabinet announced the occupation of Tabriz, Persia, in a communication from the staff of the army. In the Caucasus. The official statement says:

"In the fighting below Tabriz the Turks lost four field guns, provisions, munitions and many prisoners. Having been cut off from Tabriz and suffered heavy losses, they took to flight. On Jan. 30 we occupied Tabriz."

"Other fronts are without material change."

## DECISION ON CARRYING LIQUOR

Parkersburg, W. Va., Feb. 1.—That a man can go from West Virginia to Ohio, or any other state, and purchase liquor for a friend and deliver it to him, so long as he does not do so for a profit, was held by Judge P. H. McCreary, in the Criminal Court today, in the case of Marvin Wolfe, charged with bootlegging. This is said to be a hard blow at the effectiveness of the state prohibition statute. Deputy State Tax Commissioner Rathbone announced that the state would appeal the case.

## CHICAGO IS TO HAVE A BIG AUTO RACE

Chicago, Feb. 1.—Sanction for a 500 mile automobile race on the Chicago Speedway June 19 has been granted by the American Automobile association it was announced today. The new racing course is being constructed in Maywood, a suburb. Purses exceeding \$50,000 will be offered.

## NO INCREASE IN PRICE OF BREAD

Chicago, Feb. 1.—There will be no immediate advance in bread from five to six cents a loaf, it was announced today as a result of the stand taken by the large baking concerns which declined to support the proposal of the Master Bakers' Association.

Since the larger bakeries have not raised prices, the smaller bakeries, it was pointed out, must meet the competition and the price maintained.

The high price of flour brought about the threatened advance in bread prices.

### ROUGH SEAS HOLD NO TERROR FOR GERMANY'S SUBMARINES

Dublin, (via London) Feb. 1.—"Rough weather has no terrors for the German submarines," declared the captain of the steamer Dlinster, in telling of his boat's narrow escape from a German submarine when off the Kish Light vessel, opposite the mouth of Dublin Bay.

"When we sighted her late Sunday afternoon, just outside the entrance to Dublin Bay, the weather was so rough that not a single passenger was on deck," the captain said. "The submarine approached us when she was submerged but we sighted her emerging less than a mile away. She signalled us in hall, or we would have fired upon her but I ordered full speed ahead, changing our course every few miles."

"Our pursuer took the weather well but we got the engines up to 21 knot speed and soon outdistanced her."

The Dlinster plies across the Irish channel between the ports of Holyhead and Kingston, on Dublin Bay. The outgoing boat left Kingston last night as usual. A notice was posted at the pier stating that the incoming boat had been chased by a submarine. As a result all the passengers except three cancelled the trip.

## PENSIONS FOR GOVERNMENT EMPLOYEES.

We notice by a report that a committee of civil service government employees called upon the city council and secured the endorsement of that body for the proposition, now before congress, to pension all persons in the civil service departments of the national government. This brings us back to the subject of a recent editorial in which we opposed the idea of pensioning school teachers, suggesting instead that they be paid sufficient wages so that they could make their own arrangements for the time when they would be incapacitated for work. In the same editorial we stated that we favored pensions for soldiers who fought the battles of their country, for their dependents, and for no one else, aside from the mothers' pensions laws in vogue in some states. And on that proposition we stand firmly today. We believe that the great majority of Portsmouth people feel the same way, at least we have had more approval for the stand we took than in any other matter for a long time.

There is a grave danger ahead for the people of this country in the ever growing idea of paternalism. It is getting so that the government is asked to take a hand in almost every thing that concerns its citizens and today, if one-tenth of the paternalistic fads were adopted, we would be the most governed people on the face of the globe, and government would mix more in the every day affairs of the people than in autocratic Russia.

Now why should the people not in the government service be asked or required to tax themselves and generations to come to pay and keep in comfort persons fortunate enough to have secured a good paying public position? These positions in the civil service carry good salaries. They are eagerly sought and, once obtained, are clung to with the greatest tenacity. The man holding the position draws his pay for every day in the year. Rain or shine, he knows he has a job and will get his money. He does not worry about a poor paymaster nor does the specter of hard times and slack work dim his horizon. Right now where thousands are out of work, the government employees go on serenely on, no care upon his brow, drawing a salary in most cases as much or more than he could be obtaining in other walks of life. Why then a pension? Why not do like others and out of his assured and steady income lay up a little fund so that when the day comes for him to retire, he can do so and have enough to take care of himself the rest of his days. Why should he be preferred to the rest of his fellow citizens, when his conditions are more certain than theirs?

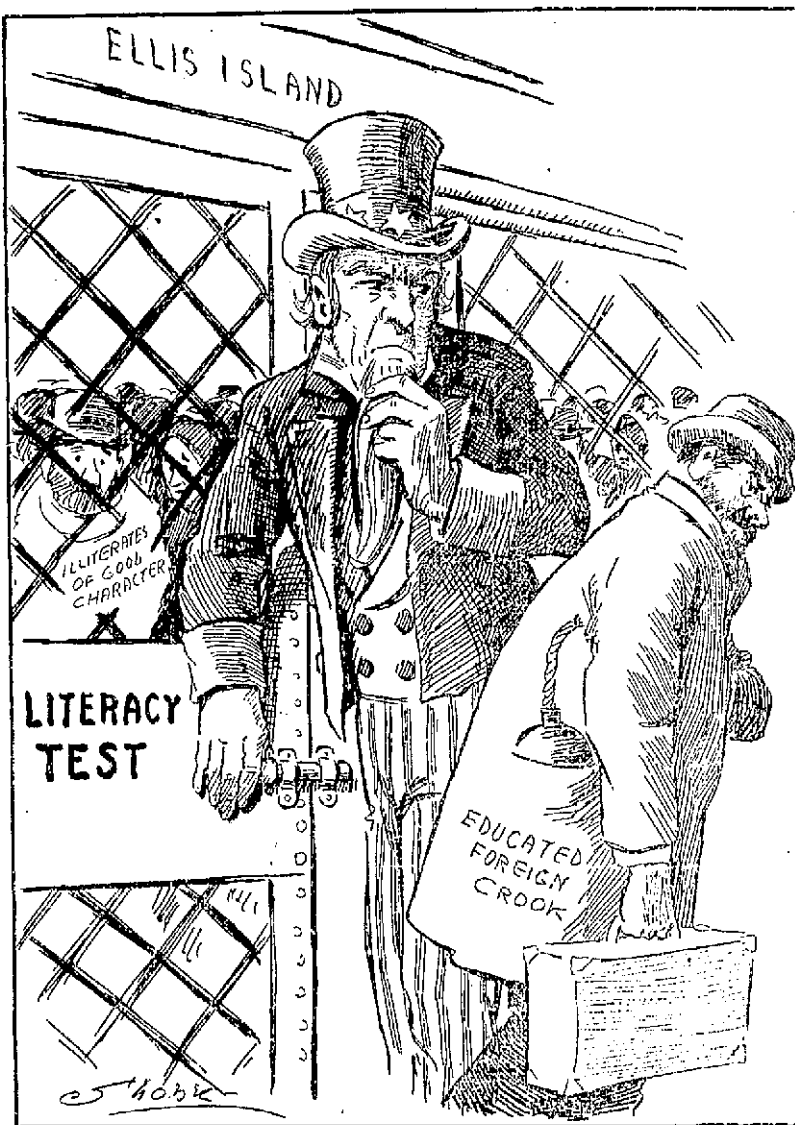

We admit that the pension idea is a most attractive one. All of us would like to have the government pension us in our old age, if we are in need. But until the government is ready to treat all of its citizens alike, we are opposed to special pension legislation like the one proposed in the Hamill bill. We are not in favor of such radical extension of paternalism. It is not fair and it is not just. And we are inclined to think that the city council did not give the matter the earnest consideration it deserved, when a delegation came asking for approval of the pension scheme, and received it off hand and without discussion.

## AS TO CHURCH SOCIALS.

While there are some good things in the paper read before the Ironton Ministerial Association by the Rev. Charles E. Griffin, pastor of a Baptist church at Ironton, in regard to church socials, else and the like, there is one point about them that the Ironton pastor has entirely overlooked, and that is the social feature of these affairs. No person will stand for gambling affairs in connection with the church and in those days all things that even hint in that direction, no matter how well intentioned the promoters may be, are frowned upon by the sentiment in the churches themselves. But when it comes to putting the ban of church support, or sales of various kinds by church women or men, we frankly dissent from the view that they are harmful to the aims and dignity of religion.

As to the monetary side, it is freely conceded that they are for the purpose of helping raise revenue for the support of the church and its benevolence. But back of all that is the underlying idea of bringing the members of the church into closer relationship, of bringing them together in a social way, of having a delightful evening, cementing old friendships and making new ones. We have heard of any one who did not come away from such a gathering with more enthusiasm for his church, with a cleaner, purer impression to work for and live for the better things of life; and we

## HOW IT MIGHT WORK.

also never heard of a man or woman who complained that they did not get value received at a church supper, a church sale or a church bazaar where fancy work of some good women or the cooking of some good women were on sale.

In many communities the church social is about the only thing that brings the people together for diversion and discussion and the announcement of one is received with enthusiasm by all, regardless of what denomination is back of the social or what the belief of the particular individual may be. And where harm can be found in the purchase of a handkerchief at an increased price to help out the pretty president of the foreign missionary society in her ambition to help clothe a little savage over in Timbuctoo, passes our lay comprehension.

The point we seek to make is that everything the church can do to bring men and women together in wholesome companionship under the most elevating circumstances, should be encouraged by the church and the leaders of the church, rather than discouraged. We have no use for that kind of religion that stops with Sunday sermons and long faces and solemn devotions.

## STATISTICS OF WAR'S LOSSES.

Early in the war Lord Kitchener had said that the struggle might last three years. What seemed a mere rough estimate becomes far more significant examined by the few statistics yet available, which show the wastage of war.

Thus it seems fair to estimate that Germany has now in the field 3,000,000 men. France 2,000,000, Austria 1,000,000, Russia 3,000,000. England at no distant date will have 1,000,000 on the Continent. Serbia and Belgium may be reckoned to have 250,000.

Now as far as Russia is concerned her supply of men is for any ordinary calculation inexhaustible. That she can keep her European force at 3,000,000 for three years, despite battle losses is hardly debatable. As to England, her ability to maintain an army of 1,000,000 on the Continent indefinitely and despite losses is equally to be accepted. It is different with France. Her available military population may be reckoned at 4,400,000. Of this she has already lost 1,000,000 by death, capture, disease or wounds. Half of this number may be reckoned as permanently lost. At this rate, France will be reduced at the opening of the third year of war to 2,000,000. With her allies she will then have 6,000,000 men. But her losses in this year cannot be made good, save by the new class coming to the colors in 1917 and leaving her colonies.

Now Germany may be reckoned to have had 6,000,000 men available for service in July, 1914: 600,000 more will be supplied by the combined classes of 1916 and 1917. German losses in the first six months may be estimated at 1,800,000. At this rate, 1,800,000 will be renounced permanently from the German lines in each of the first two years of war. Thus, at the opening of the third, Germany will still have 3,000,000 men to draw on. But her losses thereafter will be definite, because she will have exhausted her reserve. As to Austria, she has lost more than 1,000,000 already in her many disasters. She may still have 1,000,000 in the field, but a year hence, two years hence, she can hope for no more and her resources, too, will be completely exhausted.

They sit and play four hours or more; no love shows in their eyes. They're fighting for a 10-cent dish for that's the first big prize. Each one slams down her card quite hard enough to break her wrist. There's no love lost, I'll tell you that, when women folks play whist.

She'd point at things (which, as you know, is not the thing to do; She "talked back" to her elders, and she made faces, too.

Then at the table—Oh, dear me! You should have seen her eat! She always used her fingers for her pie and for her meat.

One day she had a lesson. A gray wolf climbed to see Miss Portia eat her meal and said: "Ha, there's the pig for me.

"I'll take her off and eat her up; a young pig will taste fine." But Portia screamed: "I'm not a pig; I'm Portia Porcupine."

"I can't believe you," said the wolf. "for why under the sun If you're not an ill-mannered pig should you behave like one?"

"But if you are a Porcupine, you'd better amend your ways. Or someone else will eat you for a pig one of these days."

I know that all the girls and boys who read of Portia's fright Will mend their manners if they're bad and try to be polite.

## LADIES ADMITTED FREE TO FIRST KLEIN LECTURE

The committee in charge of the Nicholas Klein lectures for the benefit of the unemployed of the city, have decided to admit all ladies free to the afternoon lecture Tuesday at Trinity church. All the unemployed, who feel that they can not pay for the lecture are also invited to attend free the afternoon lecture, which will be on "The Religion of Inspired Politics."

To avoid embarrassment to anyone there will be no ticket taker at the door, but a contribution box will be placed there to allow those who feel disposed to make a contribution, or deposit a ticket. The committee hopes to have the church packed tomorrow afternoon.

Frank W. Moulton will introduce Mr. Klein in the afternoon, and the Columbia Quartette will render several selections.

Attorney Edgar Miller will introduce Mr. Klein in the evening, and the subject of the lecture will be "The War Business."

Mr. Klein was in Budapest when the war broke out, and was chosen chairman of the American Relief Committee. He rendered such good service that William Jennings Bryan, secretary of state, wrote him a personal letter thanking him. His lectures will be found to be both interesting and instructive, as he speaks about the war from "first-hand" experience, and he gained his knowledge of "inspired politics" from his home town, Cincinnati.

## SCIOTOVILLE STIRRED BY REVIVAL; 46 CONVERTED

Sunday was a memorable day at the Sciotoville Christian church, where a very successful revival is being conducted by Evangelist Rochester Irwin, who is being ably assisted by his wife, who is a splendid vocalist. There were 27 conversions Sunday and the attendance was gratifyingly large, despite the continuous downpour. At the Bible school yesterday morning all previous attendance records were broken, as 244 were present. At the conclusion of these services, Evangelist Irwin delivered a soul-stirring sermon on the subject of "Deep Sea Fishing," at the close of which several came forward.

In the afternoon at a mass meeting of men the evangelist spoke on "What Is Man?" He showed that money, clothing, education, reputation or standing in society does not constitute manhood, but that courage, conviction, industry, honesty, gentleness and perseverance are necessary constituents of manhood.

At the evening services Evangelist Irwin spoke to a very large audience and he brought to the congregation a great lesson from the life of "Joshua."

In this discourse the speaker emphasized the fact that man is the only object in all creation possessing the power of choice. "The stars are whirling through space because they must; the elements change their color through force of natural law; the polar bear does not choose its environment; it remains where nature placed it. This fact is not true of man. He is preeminent in creation because his habits, character, environment may be changed or modified by the exertion of his will. Inanimate, intelligent creation is governed by law and instinct; man of reason and by will. If man wallows in the mire it is his choice. If he rises almost to the power and dignity of God, it is because he chooses to do so." In conclusion the evangelist made a forceful and eloquent appeal to his auditors to choose a life of service to God and humanity.

There have been 46 conversions in three days and the revival is proving to be one of the most helpful ever held in Sciotoville. Evangelist Irwin's subject tonight will be "The Destiny of Man." There will be special music.

Sam Radloff, of the city engineering department, is still laid up with a badly torn ligament sustained in a fall.

## POOR, PIGMY MAN

Drawn by Eva Shepherd.

Pigmy man, you simple, mole-like creature of the earth, who are you to supplicate—you in your homespun and tweed, unadorned and unadorned, filled with the unintelligible jargon of a workaday world? Who are you to think to win and keep the heart and happiness of this wonder thing, this fragile, lacy fairy, done in frosted mystery and wrapped in velvets and fur, whose heart is filled with visions of dukes

and princes, all gentle graces and pink-tea manners, so limber-limbed in satin court breeches and buckled shoes? You have worked to make her lovely, you have played to make her happy, and that now she is your masterpiece, she belongs to the world of arts, a treasure to be worshiped and guarded, an adornment to your household; but her woman's heart, what have you done to it?

## Gas Pipe Leaked

An alarm from box 36 Sunday noon at 11:35 called the Seventh street department and the auto truck to the Carrie Hermann home 818 Ninth street. A gas pipe leading to the front room grate had a small leak in it and the gas escaping from the leak ignited when one of the members of the household attempted to light the grate gas. The gas was turned off before any damage resulted.

## BOY WILL RECOVER

Emory Mougey, son of Mr. and Mrs. George Mougey, who was accidentally shot while handling a rifle, was reported better Monday by his physician, Dr. J. D. Hendrickson of Harrisonville. Despite the fact that the ball passed entirely through Mougey's body he has a good chance to recover as according to his physician the ball did not strike a vital organ. The family resides four miles north of Harrisonville.

## MR. KNOX HONORED

Eugene E. Knox, formerly of this city, now located in Cincinnati has been honored by being named as chairman of the committee on reception and entertainment of visiting delegations during the sixty-third annual reunion of the Scottish Rite Masonic bodies at Cincinnati next month. He was also named as member of the committee on entertainment after work, the first time such a committee has been named.

## No Flood Coming

"Don't worry, don't fret, we are not going to have another flood or real high water" is Weather Prognosticator Dave Chantwood's message to the people who are getting alarmed over the kind of weather we have been experiencing the past few days.

## Heavy Rainfall

The rainfall and snowfall for the past 48 hours amounted to 2.10 of an inch according to Weather Observer Dr. Harry Sebrmann. The snowfall Saturday amounted to .55 and the rainfall Saturday night and Sunday was 1.25.

It rained practically all day Sunday and the day was one of the most disagreeable on record, few people venturing from their homes as the clouds were covered with snow, sleet and ice.

## Will Have A Fine Concert Tonight

Prof. Theophilus E. Fitz, of New York, who has had charge of the singing during the revival at the First Christian church, which came to a close Sunday night, will be in charge of a pretentious musical entertainment at the church Monday evening in which some of Portsmouth's leading musicians will take part. The proceeds will go to the benefit of the church. Tickets can be secured at Winsters drug store for the concert, which begins at eight o'clock.

The program includes vocal solo by Prof. Fitz, Mrs. William Southworth, Miss Margaret Quinn, John N. Davis, Miss Ella Berry, violin solos by Miss Fannie Brown and Miss Ladora White, and a part. The proceeds will go to the benefit of the church. Tickets can be secured at Winsters drug store for the concert, which begins at eight o'clock.

Stricken with pneumonia Saturday afternoon, Benjamin Franklin King, Sr., one of the best known farmers in the vicinity of Frost and Tallmadge, Ky., died very unexpectedly at his home in Frost, Sunday evening at 10 o'clock. When Mr. King, a well-known heart trouble sufferer, which aggravated his condition, he was in a state of coma and was unable to move. He was 70 years of age and had many friends in Portsmouth.
